BE on time

Our coaches operate on a schedule similar to trains and planes. To maintain all scheduled sights, Tour Managers need to depart at the pre-determined time and cannot wait for late passengers. If you miss the coach, you must make it to the next overnight stop on your own and at your own expense, using a taxi, bus or train service.

IMPORTANT SUGGESTIONS

Carry the 'Overnight Schedule', your passport, a cell phone, and a sufficient amount of money at all times.

Write down the names of the street sign(s) or nearest intersection of each designated meeting point.

Write down the meeting time.

If you are lost, take a taxi to the meeting point.

If you are too late, call your Tour Manager's cell phone or the next hotel for directions on the best way to get to your next overnight stop. If you need further assistance, go to the local police station or tourist office.
